

## Garbage and recyclable resources disposed from detached houses and apartments are individually collection.

- Place your “garbage / recyclable resources” by 8:30 in the morning on the day of collection.
- Pay attention so that “garbage / recyclable resources” will not litter due to wind.
- Pay attention so that crows, cats, etc. will not break bags and litter.

Examples of measures against strong wind scattering

## Burnable waste, non-burnable waste, and plastic containers/wrapping must be put in “designated bags”.

Garbage/plastics presented in bags other than the designated bags, will not be collected.

Designated collection bag for burnable waste and non-burnable waste

Designated collection bag for plastic containers/wrapping

Type of Garbage	Type of bag	Price (garbage handling fee)
Burnable waste and non-burnable waste	Mini ( 5 liters )	One set (10 bags) ¥75

- Please prepare a basket at each home.  
(Plastic, mesh, metal, etc. can be used.)

## For those living in joint housing

Place your “garbage / recyclable resources” at the spot designated by your apartment/condominium.

### 【Items to collect】

- Burnable waste**  
Pruning branches, fallen leaves, grass, diapers
- Non-burnable waste**  
Toxic garbage, dangerous items
- Plastic containers/wrapping**
- Used paper/used cloth**
- Small appliances**
- Waste cooking oil**
- Spray cans/lighters**

### 【 To be put in a basket 】

- Bottles**
- Cans**
- PET bottles**
- Metal items**

## Garbage and recyclable resources Collection Schedule

- Place your “garbage / recyclable resources” by 8:30 in the morning on the day of collection.
- We also collect holidays except the year-end and New Year holidays.
- Recyclable resources put outside on the same day as other recyclable resources will be collected by a different garbage truck.
